

## Performance of EV Products

### C TYPE CHARGER

Fig: C-Type Charger

#### Approvals & Compliances

#### Product Details:

Product Short Name : C-TYPE CHARGER 100W PD [5V/9V/20V - 5SAMPS]

Model number : UNIM-Charger Series

Part number/Article Number : UNIM-CC-100

#### Product Description:

- Type C Charger Detects the Target Device and set the Output voltage accordingly (3.3V/5V/9V/12V/19V/21V).
- This device Charges from a small gadget to a High end Laptop.

#### Technical Specifications:

	Typical Value	Unit
Input Voltage	12	V
Output Voltage	3.3 - 21	V
Output Power	100	W
Dark Current	<0.3	mA
Load Detection	Automatic	
Operating Temp	-40 to 105	C

#### Features and Benefits:

- ❖ Wall Mountable (Snap Fit)
- ❖ Reverse Voltage Protected
- ❖ Over load & Short circuit protected
- ❖ EMI / EMC as per AISO04
- ❖ IP65 — (USB Closed Condition)
- ❖ Auto Grade & Non-Auto Grade available

#### Typical Applications :

Suitable for CARS :
